

14<sup>th</sup> February 2023

Dear Landcare members

Welcome to 2023 and another year of great activities we're undertaking to enhance our mountain's natural environment.

***Your annual membership fee is due on 1st March.***

Before you scroll down for details about how to renew your membership and if necessary update your contact details, here are excellent reasons for you to contribute your fee to help us continue our important work:

## **What We Achieved in 2022**

### **Successful completion of the Shelf Richmond Birdwing Butterfly Project**

#### **Commencement of a new regeneration project at Kinabalu Drive**

TM Landcare have entered into an agreement with the Queensland Government to regenerate a large weedy block between Kinabalu Drive and Wongawallan Rd

#### **Regeneration of a large area adjacent to the Scouts Clubhouse off Hartley Rd**

After the eradication of weeds, hundreds of trees have been planted in the area behind the Landcare Centre and below the soccer field at the Sports Grounds.

#### **Continuation of the ongoing Privet Removal Project**

Large trees have been removed at the Showgrounds' northern boundary.

#### **National Tree Day at Rosser Park**

40 community volunteers planted 350 trees on 31<sup>st</sup> July.

#### **Maintenance of more than 15 reserves and parks on Tamborine Mountain**

...with the assistance of contractors and volunteers.

## **What's Being Planned for 2023**

### **Celebrations to mark 20 years of TM Landcare**

This will include another of our famed mega book sales.

### **Partnership with the Sports Association to eradicate weeds beside the Parkrun track**

The very weedy area behind the playing fields is well worth regeneration, since it adjoins the nature reserve which runs along the escarpment behind the Sports Grounds.

### **Privet Removal Project**

The remaining privets along the southern fence line at the Showgrounds will be removed in March.

### **Maintenance at our many sites, including the Shelf**

This is key to a successful, enduring outcome for every regeneration project.

### **Ongoing work by our great Tuesday Team of volunteers**

This group meets twice a month to weed and plant at various sites. New volunteers are always welcome. (Contact our President, Judith Roland, on 0429 808 206 for more information about how you can join this very friendly group.)

### **Participation in Backyards for Biodiversity SEQ**

We encourage you to join this great new initiative to promote the planting of local native species. Get your informational brochure at our Piccabeen Bookshop. And check out the organisation at <https://backyardsforbiodiversity.org/> where you'll find a range of great, practical resources.
